Assembly Select Committee on Groundwater Quality and Availability

Groundwater Contamination in the Headlines

Presentation by Groundwater Resources Association

Thursday, July 10, 2003
State Capitol, Sacramento
Room 447

Public Perception

2001 National Consumer Water Quality Survey

86% have concerns about their
water

51% worry about possible health
contaminants

49% said federal WQ laws are not
strict enough

Only 4% feel they are adequate
